Fin Xpert Solutions experienced team will handhold you through the entire process, starting with setting up your business as per your requirements, obtaining all necessary approvals from government authorities, assisting with residency visas for partners and employees, medicals, Emirates IDs, and setting up your business bank account with one-year bank relationship management. We will continue to walk with you shoulder to shoulder for at least 1 year to support you with your post-business setup requirements as well, including PRO services, VAT registration, corporate tax registration and filing, bookkeeping, and compliance management services for your business and bank account. "Our solutions, your success"
