Description:

The Scandinavian Academy for distance learning courses offers a distinguished group of educational and training programs that include training courses, diplomas, masters, and doctorates in various fields such as:

We offer the latest training programs in the following fields:

- Professional doctorate in financial, accounting, and banking sciences
- Professional master's in human resources management HR
- Professional diploma in innovation project management
- Professional diploma in warehouse and warehouse management
- Professional doctorate in institutional innovation, digital transformation, and future foresight
- Professional master's in quality and food safety HACCP

- Professional diploma in occupational safety and health
- Mini-professional diploma in business administration MBA
- Professional diploma in executive secretarial and office management
- Professional diploma in public relations management

In addition to many other specialized training programs.

The Academy's online training platform is a scientific and educational crucible that aims to qualify and develop those who wish to improve the performance of their organizations, whether official, civil or private. Our team includes a group of the most qualified international experts, trainers and consultants, which enables us to integrate international expertise with Arab needs to achieve the best results.
