Description:
Meet the Newest!!! Google Nest Thermostat 4th Generation

It's a brilliant way to save energy and keep your home comfortable. It learns the temperatures you like, when you like them, even as your routine changes.

- Smart Schedule learns the temps you like, and when you like them, suggesting small tweaks to help you save right in the Google Home app.
- Helps to save energy by learning how the outside temperature heats or cools your home – like when it warms up on sunny days.
- The Nest Learning Thermostat can help save an average of 12% on heating bills and 15% on cooling bills.
- The next-gen Nest Temperature Sensor comes in the box. Put it in any room to help manage hot and cold spots.
